

# WELCOME ABOARD THE ENERGY SAFARI

## An example of an Energy Safari

As a guest on the Energy Safari we offer you a coherent programme focusing on good energy and environment stories, told in a different way. You get an insight into the achieved Danish experience, and during the trip we challenge your views and inspire you to new solutions through active participation.

## A 4-day trip could look like this:

### Day 1

Pick up at the Copenhagen Airport. Departure by bus for Samsøe. Possibility of a visit to a biogas plant and/or other demonstrational sites on the way to Kalundborg.

Ferry for Samsøe in the late afternoon. On board in the panorama lounge presentation of The Energy Island and the on-going Samsø activities.

Passing close by the 2.3 MW offshore wind turbines. Check in at the Brundby Rock Hotel. Traditional Danish Dinner at restaurant Skipperly overlooking Ballen Harbor.

### Day 2

Workshop at the Samsøe Energy Academy

- The Danish energy story
- Processes and local experiences
- Climate investments
- Energy calculation and priorities

Samsøe Lunch packet Sightseeing Tour round the island

- Straw-, woodchip and solar heating
- Wind turbines
- Local energy stories

Departure by ferry for Skive in the afternoon

Check at the Hotel Strandtangen

Dinner at Restaurant Strandtangen situated at the marina.

### Day 3

Guided tour of the Town Hall of Skive

- Low CO2 emission building
- Renewable energy solutions
- Presentation of the Eco City of Skive
- Municipality challenges and possibilities.

Lunch at Café Helmuth in Skive

Shopping in the centre of Skive City. Facilitated by shopping guides - if you wish.

Energy Sightseeing Tour in the Skive Region

Possibility of visits to:

- A great biogas plant at Rybjerggaard
- Different kinds of architectural photovoltaics
- Visit to the organic dairy Thise
- Distict heating and use of geothermal energy

Farewell dinner at the medieval castle Spoettrup Borg

### Day 4

Check out of the Hotel Strandtangen

Departure for Copenhagen Airport - Arrival at noon

A detailed program will be tailormade to your background and special interests.

**Introduction price:** 1.300 euro per person (based on a group of 10 persons). The price includes all major expenditures (transportation, accommodation, meals, guiding & events).
